

Technical Aqueous Ammonia

GOST 9-92

Appearance: clear colorless liquid

Application: for various industries and in agriculture as nitrogen fertilizer.

CAS No.: 1336-21-6, **EC No.:** 215-647-6

Specifications:

Indicator name	Grade standard	
	A	B
Appearance	Clear colorless liquid	Colorless transparent or yellowish liquid
Ammonia mass fraction, %, min	25	25
In terms of nitrogen, %, not less than	Not rated	20.5
Mass fraction of non-volatile residue g/dm ³ , max	0.07	Not rated
Mass fraction of carbon dioxide, g/dm ³ , max	Not rated	8

Packaging: filling into buyer's containers, barrels, IBC cubes, tanks, tank-containers
